**Re: Yachtspot**

I have recently taken delivery of a J97 through Yachtspot.

Throughout the whole buying process I have been impressed by the service and professionalism provided by Yachtspot.

Ray and Sandra Entwistle have been helpful and enthusiastic in providing whatever information and services I have required, both pre and post order placement.

During the commissioning process they have been diligent in making sure everything goes smoothly, and works properly, and have been quick to respond to any questions I have had.

They are justifiably proud of the J-boat range and carry that pride through the process of preparing a boat for the new owner.

I wholeheartedly recommend them should you be considering a boat from their range.

Yours sincerely,

Jim Chambers
